**At the very heart of our community, the Mudgeeraba Show Society is a volunteer-run, not for profit, charity, caretaking 13 acres of beautiful open space and managing a range of facilities that make up the Mudgeeraba Showgrounds. We are proud to host the annual Mudgeeraba Agricultural Show and continue to celebrate our agricultural heritage and traditions.**

**As part of our allegiance to farmers and agriculture, and as we look to the future, sustainability and the preservation of our greenspace is paramount. We are proud to partner with a number of organisations that also consider their footprint on the land, finite resources and the negative impact of waste. We champion our 'Sustainability Partners' and appreciate their efforts in always seeking environmentally considerate options in their businesses.**

**We are proud of these sustainable initiatives at our annual Show:**

- **Recycling**
- **Hydration Water Stations**
- **Grey Water Waste Management**
- **Animal Waste Management**
- **Paperless Ticketing**
- **Reuse and Repurpose of Materials**
- **Electric Transport**
- **Utilising Local Suppliers and;**
- **Active and Sustainable Travel**

We are proud to work with our
